## Self-Deportation...The Pressure is ON

Here's the scoop on self-deportation directly from the Dept of Homeland Security and CBP site [CBP Home | Homeland Security](#).

"DHS is using the CBP Home Mobile App to incentivize the voluntary self-departure of aliens illegally in the United States." *Once on the CBP homepage, there is an option that states,*

The below categories qualify for incentives:

- Non-criminal illegal aliens in the United States who had an encounter with CBP either at a port of entry or between ports of entry.
- Categorical parolees whose legal presence in the United States has expired or will soon expire.
- Aliens whose Temporary Protected Status is terminated.

Once non-criminal illegal aliens submit their intent to depart through the CBP Home Mobile App and pass vetting, they will be temporarily deprioritized by ICE for detention or enforcement action before their scheduled departure." Illegal aliens who register for voluntary self-departure through the CBP Home Mobile App will receive cost-free travel, a \$1,000 exit bonus, and forgiveness of any failure to depart fines. You will have civil fines for failure to depart after a final order of removal or a voluntary departure order in the U.S. forgiven. You will not have to pay these fines. Illegal aliens requesting assistance will have a timely departure arranged for them.

The CBP Home Mobile App allows illegal aliens to plan their return, including having an opportunity to depart in a timely manner – allowing illegal aliens to wrap up work, school, and personal matters and organize their return in an orderly and lawful way.

The CBP Home program lets eligible aliens return home as regular travelers—without arrest, detention, or restraints. It's a safe, orderly alternative that provides assistance and flexibility, not fear."

**What can we do?** Reading the news and talking about injustice is depressing. Action defuses anger and frustration, lowers blood pressure, reduces loneliness! Yes, there is plenty to do, so just do it!

- Donate to food pantries
- Speak to power, join in on social action events
- Support local nonprofits, churches and other community voices for justice
- Teach ESL, tutor
- Give to JFON [TNJFON](#) and TIRRC [TIRRC - Tennessee Immigrant & Refugee Rights Coalition](#). Their work is so important for justice and legal aid.
- Attend the OnlyTogether 2025 Conference on Sept 25<sup>th</sup>
- Get more information about ways to volunteer and give in our community from the google doc compiled by the Woodmont Hills Church. Click the button below to view this great resource.

## FROM THE EDITOR:

**Life is NOT okay for many immigrants** . I hope this month's newsletter will give you some information you can use and pass along. Let's face it. People whose country of origin is not the USA but have lived, worked and raised families here safely, without fear for decades because our economy has needed them. But here we are....**Living in Fear in the USA**

- o PBS reported on July 3 that the first group of immigrants has arrived at a new detention center deep in the Florida Everglades dubbed "Alligator Alcatraz."
- o The TN Highway Patrol serving as an arm of ICE to give legitimacy to unwarranted traffic stops and

subsequent detainments.

- o Parents detained with no notice, leaving dependent children to whomever will take them in or with Child Protective Services.
- o Detainment without a hearing to determine immigrant status or proof of criminal record.
- o Deportment and detention to countries far from the immigrant's native country.
- o Fear of leaving home, going to work, to school or shopping. Shades drawn. Is this living in the USA?

Be Safe. Stay Healthy. Give Generously. Love Always.

Leslie West
